

# SPINNER (HEX NUTS)

## Supplies:

- E6000 All Purpose Craft Glue
- 1-Sealed Ball Bearing, .748" OD; .2362" ID
- 6-Jam Nuts ½"-13
- 1-Metric Hex Bolt, M6x8
- 1-Metric Lock Nut M6-1.00

## Directions:

1. Glue hex nuts into hexagonal shape as seen above.
2. Allow glue to fully dry.
3. Glue ball bearing into center of spinner. Not all edges of ball bearing will be in contact with hex nuts.
4. Allow glue to fully dry.
5. Insert hex bolt through center of ball bearing and secure with lock nut.
6. Your fidget spinner is now ready for fun.
